HUNDRED

PART

VOCABULARY

PERCENT — A ratio that compares a number to 100

RATIO — A comparison of two quantities

DECIMAL — A number using a decimal point to show parts of a whole

FRACTION — A part of a whole expressed as numerator over denominator

WHOLE — The complete amount or total quantity

PART — A piece or portion of the whole

EQUIVALENT — Equal in value or amount

CONVERT — To change from one form to another

HUNDRED — The number 100

CALCULATE — To find the answer using math

PROPORTION — A statement that two ratios are equal

DISCOUNT — A reduction in price or amount
